# CONTENTS OF VOLUME 19

**No. 1, January 1992**

Effect of pressure on the release of endogenous dopamine from rat striatum and the role of sodium-calcium exchange
*M. L. Paul* and *R. B. Philp* .....1
Effects of four common anticonvulsants on the high pressure nervous syndrome in the rat
*B. Wardley-Smith, C. Doré, S. Hudson,* and K. Wann .....13
Effect of inspiratory-phase negative pressure breathing on urine flow in man
*R. A. Hebden, B. J. Freund, J. R. Claybaugh, W. M. Ishimura,* and *G. M. Hashiro* .....21
Hyperbaric oxygenation decreases blood flows in normal and septic rats
*K. H. Muhvich, M. R. Piano, R. A. M. Myers, J. L. Ferguson,* and *L. Marzella* .....31
Susceptibility of divers in open water to motion sickness
*W. T. Norfleet, R. E. Peterson, R. W. Hamilton,* and *C. S. Olstad* .....41

**Technical Communication**

A system for saturating in vitro preparations with high pressure $O_2$, He, $H_2$, and mixtures
*G. Imbert, J. S. Colton, W. Long, Y. Grossman,* and *H. J. Moore* .....49

**Abstracts**

From current literature .....55
French translations .....65
Spanish translations .....68

**No. 2, March 1992**

Respiratory effects of warm and dry air at increased ambient pressure
*E. Thorsen, I. Rønnestad, K. Segadal,* and *A. Hope* .....73
Static lung load and posture effects on pulmonary mechanics and comfort in underwater exercise
*T. Derion, W. G. Reddan,* and *E. H. Lanphier* .....85
Cardiovascular responses to upright tilt in man during acute exposure to 3 atm abs air
*S. Sagawa, K. Miki, F. Tajima,* and *K. Shiraki* .....97

A hydrophobic oligolamellar lining to the vascular lumen in some organs
*B. A. Hills* .....107
Relationship between physique and rectal temperature cooling rate
*M. D. White, W. D. Ross,* and I. B. Mekjavić .....121
Effects of treatment with dexamethasone on recovery from experimental cerebral arterial gas embolism
*A. J. Dutka, R. B. Mink, R. R. Pearson,* and *J. M. Hallenbeck* .....131

**Letter to the Editor:** Delayed occurrence of dysbaric osteonecrosis: 17 cases
*J-F. Kang, L-D. Zhang,* and *H. Zhang* .....143

**Book Reviews:** *Great White Shark* .....147
*A Color Guide To Dangerous Animals* .....148

**Abstracts**

From current literature .....149
French translations .....153
Spanish translations .....155

**No. 3, May 1992**

Urinary ANP, ADH, and electrolyte excretion during saturation-excursion diving to pressures equivalent to 250 and 300 m
*H. Y. Tao, H. J. Chen, H. Zhang, J. Guo,* and *F. K. Rong* .....159
Comparison of two recompression profiles in treating experimental cerebral air embolism
*J. J. McDermott, A. J. Dutka, W. A. Koller, R. R. Pearson,* and *E. T. Flynn* .....171

**Clinical Communications**

Lidocaine as an adjunct to hyperbaric therapy in decompression illness: a case report
*A. Drewry* and *D. F. Gorman* .....187
Management of herniated intervertebral disks during saturation dives: a case report
*D. M. Stevens, B. G. Caras, E. T. Flynn, A. J. Dutka, J. W. Thorpe,* and *E. D. Thalmann* .....191

**Technical Communication**

Radiofrequency energy for rewarming of cold extremities
*J. R. Lloyd* and *R. G. Olsen* .....199

**Letters to the Editor**

Microbiologic hazards for inhabitants of deep diving hyperbaric complexes
*A. N. Victorov, V. K. Ilyin, N. A. Policarpov, M. P. Bragina, V. G. Sobolevski, A. D. Syssoev, T. J. Norkina,* and *I. N. Kornjushenkova* .....209

Simulation of a microbial epidemic on a diving ship
*A. B. Syssoev, V. K. Ilyin,* and *V. I. Putow* .....213
Decompression sickness risk in women
*A. G. Robertson* .....216

**Abstracts**

From current literature .....219
French translations .....223
Spanish translations .....227

**No. 4, July 1992**

**Papers generated by an international research program on deep diving**

*Acknowledgment* ..... iv

Scope and design of the GUSI international research program
*P. B. Bennett* and *H. Schafstall* .....231
Effect of mental task load on fronto-central theta activity in a deep saturation dive to 450 msw
*J. Lorenz, B. Lorenz,* and *M. Heineke* .....243
Evaluation of energy requirements from body mass, lean body mass, fat content, and energy intake in GUSI dives
*M. Busch-Stockfisch* and *B. von Böhlen* .....263
An investigation of cardiovascular reflexes during a trimix saturation dive to 450 msw (GUSI 17)
*F. Bowser-Riley, M. J. Cornish, R. Hainsworth, C. Kidd,* and *R. C. Lyons* .....271
Platelet count in deep saturation diving
*R. E. Moon, T. A. Fawcett, A. J. Exposito, E. M. Camporesi, P. B. Bennett,* and *J. Holthaus* .....279
Renal responses during a dry saturation dive to 450 msw
*J. M. Goldinger, S. K. Hong, J. R. Claybaugh, A. K. C. Niu, S. I. Gutman, R. E. Moon,* and *P. B. Bennett* .....287
Urinary vasopressin and aldosterone and plasma volume during a saturation dive to 450 m
*J. R. Claybaugh, J. M. Goldinger, R. E. Moon, T. A. Fawcett, A. G. Exposito, S. K. Hong, J. Holthaus,* and *P. B. Bennett* .....295

**Abstracts**

From current literature .....305
French translations .....310
Spanish translations .....313

**No. 5, September 1992**

Human brainstem auditory-evoked potentials in deep experimental diving to pressures up to 62.5 bar
*J. Lorenz, G. Athanassenas, P. Hampe, G. Plath,* and *J. Wenzel* .....317
High pressure effects on reflexes in isolated spinal cords of newborn rats
*A. Tarasiuk, D. Schleifstein-Attias,* and *Y. Grossman* .....331
Cerebral blood flow distribution during exposure to 5 bar oxygen in awake rats
*G. W. Bergö* and *I. Tyssebotn* .....339
Xenon washout from the rabbit femur during short hyperbaric exposures
*T. R. C. Davis* .....355
Paradoxical air embolism in pigs with a patent foramen ovale
*A. Vik, B. M. Jenssen,* and *A. O. Brubakk* .....361
Intravascular bubble composition in guinea pigs: a possible explanation for differences in decompression risk among different gases
*R. S. Lillo, M. E. MacCallum,* and *J. M. Caldwell* .....375

**Book review:** *Diving and subaquatic medicine* .....387

**Abstracts**

From current literature .....389
French translations .....393
Spanish translations .....397

**No. 6, November 1992**

**Editorial:** Changes in the journals .....401

Effects of an increased $P_{O_2}$ during recompression therapy for the treatment of experimental cerebral arterial gas embolism
*J. J. McDermott, A. J. Dutka, W. A. Koller,* and *E. T. Flynn* .....403
Effects of hyperoxia on human endothelial cell proliferation and morphology in vitro
*R. Bjerkvig, J. Thorsen, E. Svendsen, H. Holmsen,* and *T. Thorsen* .....415
Physiologically and subjectively acceptable breathing resistance in divers' breathing gear
*D. E. Warkander, W. T. Norfleet, G. K. Nagasawa,* and *C. E. G. Lundgren* .....427

**Clinical Communications**

Pneumothorax as a complication of recompression therapy for cerebral arterial gas embolism
*J. R. Broome* and *D. J. Smith* .....447
Posterior shoulder dislocation and humeral head necrosis in a recreational scuba diver with diabetes
*D. F. Gorman* and *M. J. Sandow* .....457

Description and evaluation of a simple method for microbiological studies on otitis externa
*W. L. Dibb* ..... 463

**Letters to the Editor:** The Americans with Disabilities Act and the injured diver
*C. G. Daugherty* ..... 471
Saturation decompression schedules based on a critical tissue supersaturation criterion
*S. V. Rodchenkov* and *V. K. Skudin* ..... 472

**Book Review:** Oxygen and the diver ..... 483

**Abstracts**

From current literature ..... 485
French translations ..... 489
Spanish translations ..... 492

**Reviewers** ..... 497

**Contents of Volume 19** ..... 499
